

CHRISTIAN ART

Four Online Seminars

Watch on Zoom Videoconference

August – November 2020

3:30 – 4:30 pm

Christian art is religiously inspired imagery and is often intended to uplift the mind to the spiritual. It is produced in an attempt to illustrate, supplement and portray in tangible form, the principles of Christianity. Most Christian art is allusive, or built around themes familiar to the intended observer. Images of Jesus and narrative scenes from the life of Christ are the most common subjects, especially the images of Christ on the cross. Art forms include paintings, frescoes (wall murals), statues, icons, architecture and symbols.
